National Intelligence Council

30 July 1987

MEMORANDUM FOR: Director of Central Intelligence
Deputy Director of Central Intelligence

FROM: Maj Gen Frank B. Horton III, USAF
Chairman

SUBJECT: Late Changes

Gentlemen,

The following changes have been made to your NFIB books today, in order of appearance. I especially draw your attention, however, to the last item, in para 4 below.

1. Suggested DCI Opening Remarks.

- a. Added an opening paragraph thanking the NFIB Principals for their help on the reply to the NSC on Integrity and Objectivity of the Estimative Process (we understand the DDCI has concurred and the DCI has the package for approval; if the DCI is comfortable with the package, I propose that DCI thanks at the meeting would be appropriate).
- b. Added a second paragraph thanking NFIB Principals for help in coordinating changes to the NIE on the Foreign Terrorist Threat in the US--NFIB telephone vote of approval has been completed and we are preparing to publish the Key Judgments in White Cover. (NIO/CT will be at the meeting with documentation if there is any discussion.)

2. Tab on Soviets in Gulf. An update on two minor issues that came out of the Military Intelligence Board meeting has been inserted as the first sheet (the NIO is prepared to handle).

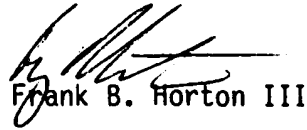

3. Tab on El Salvador. No update--no new issues have arisen since original book put together.

4. New Tab on Iranian Revolutionary Guard. We understand that General Odom may raise the issue of Iranian control of Hizballah, arising from his review of the typescript background paper we sent you, NFIB agencies, and the NSC staff yesterday that had been developed and coordinated at the working level by NIOs/CT and NESA. Further explanation of the issue, and a copy of paper, are at the new tab at the back of the book. As these papers note, we have a fast-track follow-on interagency paper on the books on this issue (NIO/NESA AND CT will be available at the meeting to discuss).

Very respectfully,

Frank B. Horton III
